Outline

What is Recycling?

What does the Recycling Mean?

What are the three R's of Recycling?

The Main Three Steps of Recycling?

Example (Movie)

WHAT IS RECYCLING ???

Recycling is

A term used to describe a series of activities that includes collecting recyclable materials that would otherwise be considered waste.

What does the Recycling Symbol Mean?

The first top arrow represents the collection of recyclable materials for processing.

The bottom right arrow represents the recyclables being processed into recycled products.

The bottom left arrow is the most important. It represents when the consumer actually buys a product with recycled content.

What are the three R's of Recycling?

What are the three R's of Recycling?

The Three R of Recycle

The Main Three Steps of Recycling

Collecting the recyclables

Processing the recyclables and turning them into recycled-content products

Purchasing recycled products
