Objectives of the Subject

The **general** aim of the seminar is to introduce the topic .

The **specific** aim is to show you how to practice the English Language skills.

Introduction

What is Language?

Any system of formalized symbols, signs, sounds, gestures used or conceived as a means of communicating thought and emotion.

A language is a system of communication which consists of a set of sounds and written symbols which are used by the people of a particular country or region for talking or writing.

Skills

Are our ability to do something well.

Language skills: the ability to use language.

The four skills of language

(also known as the **four skills of language learning**) are a set of four capabilities that allow an individual to comprehend and produce spoken language for proper and effective communication.
