Teaching

At the College of **Science** (Sci) I am teaching the following;

1. Plant Taxonomy (Bio22205)
2. Practical Plant Physiology (Bio23200)

My Philosophy in Teaching:

The good teacher knows and understands students, I believe it is my responsibility as a teacher to be an effective diagnostician of students' interests, abilities, and prior knowledge.

I believe a good teacher, first, has a powerful faith in the future. Like the Forester planting an oak seedling knowing he or she will never see the tree in all its glory, I know I may never see the fruits of my labors as a teacher. My calling is to plant and nurture seeds that will grow and shape tomorrow.

Teaching

At the College of Education (C.E.) I am working on the following:

- 1. High Technology - Distance
- 2. Practical High Technology - Distance

My Philosophy in Teaching

The good teacher knows and understands students. He/she tries to recognize the individual in each student, to diagnose the student's interests, abilities, and prior knowledge. He/she understands the student through other methods and techniques. He/she is teaching, planning, and evaluating the learning process in order to make the most of his/her talent. He/she is trying to make the best use of his/her talent to help the student to become a better person and a responsible citizen.
